

EVENTS INFO

1) Monad Blitz Mumbai V4

Participated in Monad Blitz Mumbai V4 and received a **Special Prize** for our project. Built, collaborated, and learned alongside Web3 builders while gaining hands-on experience with the Monad ecosystem.

2) Git Hub Dev Days Mumbai 2026- Paytm Office

Attended GitHub Dev Days Mumbai, gaining practical insights into AI agents, GitHub Copilot, MCP, agent memory, scalable engineering, and responsible AI through expert sessions and hands-on workshops.

3) Build On Stellar – Mumbai

Built GoalPay, a decentralized savings goal tracker on the **Stellar** Testnet with a teammate. Gained hands-on experience with **Stellar wallets, blockchain transactions, dApps, and Web3 development** while turning an idea into a working prototype.

4)Agents & APIs Mumbai Developer Meetup

Explored **AI Agents, RAG, Context Graphs, embeddings, vector databases, memory, and guardrails** through expert talks, live demos, and discussions with the developer community.

5)Claude Impact Lab — Mumbai | Selected Participant

Selected among **200+ participants from 2,000+ registrations** for Mumbai's first Claude Impact Lab by Anthropic. Built **Kumbh Guardian**, an offline-first AI platform for missing-person assistance during **Nashik Kumbh Mela 2027**, using AI-assisted face and description matching with a local mesh network concept.

6)MS Build //localhost: Mumbai 2026

Attended Microsoft Build Mumbai, exploring **AI Agents, Azure AI, GitHub Copilot, RAG, embeddings, vector databases, semantic search, and Responsible AI** through expert sessions and practical demonstrations.

7) AI-Powered SDR Conversation Analyzer

Built an AI-powered tool that analyzes sales call transcripts to identify **objections, SDR performance, conversation health, risks, and coaching opportunities**. Integrated **Google Gemini Flash** with a React frontend and FastAPI backend to generate structured sales insights and dashboards.

Tech: React.js · FastAPI · Python · Gemini Flash · Recharts

8) NVIDIA Nemotron 3 Super Workshop - Mumbai

Explored **LLM architectures, multi-agent workflows, reinforcement learning, and efficient AI inference** through the NVIDIA Nemotron ecosystem, with insights into tools like **TensorRT-LLM, vLLM, and SGLang**.

9) Portfolio.AI — Personal Investment & Decision Support System

Built a data-driven investment platform that uses **risk appetite, investment duration, liquidity needs, and existing holdings** to generate diversified portfolio recommendations through a rule-based allocation engine.

Tech: React · TypeScript · Tailwind CSS · FastAPI · Python · MySQL · Recharts

10) SafeCity - HACKDECK 2.0 | IEEE Hackathon

Built **SafeCity**, an AI-powered crime analytics platform featuring **crime forecasting, interactive heatmaps, patrol route optimization, real-time incident reporting, and AI-generated insights**. Gained hands-on experience combining **ML, geospatial analysis, algorithms, and interactive dashboards** during a 24-hour hackathon.

React · Tailwind CSS · FastAPI · Python · Prophet · Leaflet · Dijkstra's Algorithm · Gemini

11)Techfest 2025 — IIT Bombay

Attended **Techfest 2025 at IIT Bombay**, participating in a **Cloud Computing workshop** covering cloud architecture, virtualization, scalability, and deployment models. Also explored startup showcases, emerging technologies, and connected with students and tech enthusiasts.

Cloud Computing · Networking · Technology & Innovation

12)HackNova — First Hackathon

Participated in my **first-ever hackathon**, HackNova, an overnight offline challenge organized by **GDG on Campus APSIT, CSA, and Coder's Club**. Gained hands-on experience in **problem-solving, teamwork, debugging, and working under pressure**, learning how ideas translate into real working prototypes.

Hackathon · Teamwork · Problem Solving · Learning by Doing

13)Generative AI Session - GDG On Campus APSIT

As **Operations Head at GDG On Campus APSIT**, helped organize and attended an insightful **Generative AI session by Ali Mustufa**. Strengthened my understanding of GenAI fundamentals, explored real-world applications, and gained perspective on how AI is shaping the future of technology.

Leadership · Generative AI · Event Operations · Tech Community
